Dear Harold,

I've expressed an interest in meeting you face to face, in the past. I've cooked up what may be a more palatable scenario to you, since I was unsuccessful before. (We have talked by phone a couple of times & exchanged letters, maybe, a couple of times.)

I understand you have had some major medical stuff done to you. Hope you are recovering sufficiently for the following: For the following reasons I would like to drive up to your home near Frederick from Bowie

(1) ^{Have you} Sign (annotate) the following books I have of yours.

... a. Whitewash

b. Post Mortem

... c. Case Oper

d. Never Again

(2)

Have you
2. Sign or annotate books of yours I do not now possess, which I will purchase there.

a. Oswald in New Orleans

b. Whitewash II FBI Secret Service Cover-up.

c. Photographic Whitewash

d. Whitewash III Top Secret Transcript

I would rather purchase these books directly from you rather than the Last Hurrah or such.

3. Purchase whatever other "goodies" you may wish to sell to add to my collection on the JFK assassination (I have about 80-100 books, 30-40 video tapes, many 3rd & 4th Decade Souvenirs + misc ones, many magazine articles etc) My collection reflects a 30 year involvement with trying to understand what happened and who was responsible.)

If you let me know when I could call, you to come up from Bowie, taking as little time as possible to accomplish the above, I would greatly appreciate it. I'm sure you and your books will be great historical entities in the long future!

Sincerely
Albin (Albie) Bielawski

Dear Mr. Bielawski,

You'll be welcome any time I'm free. If you know when you'd like to I can check and see if I am free that day.

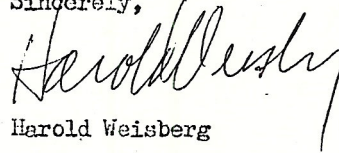

Please remember that I must retire early, quite early by most concepts.

I've not only had that major medical stuff done to me I've had congestive heart failure twice this year.

Slows me down more and tires me faster.

If and when you call please make it before 4 p.m. These days I'm retiring before 5.

Sincerely,
